GOLDTORONTO.com does not purchase "plated gold" or "plated silver". If any of your items have following markings, please do not ship them to us:

- GE or GF = "Gold Filled", RGP = "Rolled Gold Plate", EPNS = "Electroplated Nickel Silver", HGE = "Heavy Gold Plate", GS = "Gold Shell", GP = "Gold Plate"
- These markings are normally located with the hallmark/stamp; for example: 10k GF which is "10 karat gold filled". We can NOT purchase plated and filled items as the gold and silver content is not high enough.

We test all gold before we make an offer. If you are not sure if your item is real, that is ok. Include these items with your shipment; we will test them for you, determine if the item is real gold, the exact karat value, and make you an offer.

Pack your items and completed Payment Form securely in a strong envelope or cardboard box. When packing, we recommend using placing items in zip lock bags and/or packing paper, then package them in the box or envelope.

Once you have your items and Payment Form packed; take your package to the nearest Post Office Outlet and ship to:

Attention: G. Toronto

Toronto, Ontario M2R 2S9

NOTE: When sending your items via CANADA POST, US POST, or INTERNATIONAL POSTAL SERVICE, please use method that is INSURABLE and "SIGNATURE REQUIRED". GOLDTORONTO.com is not responsible for items lost in the mail so please be sure to package and ship your gold/jewellery correctly. Do not write anywhere on the outside of your package the words "Gold, Silver, Platinum or Jewellery".

We recommend using Canada Post XpressPost parcel service (or a similar US service from your country). This service includes an insurance coverage of up to \$100 and you are able to purchase additional coverage if required. Further, this method allows you to track the shipment of your package online or by telephone. For more detailed information, please visit:
